Majority for Greeley Probably Over

Sr. Louis, November 10.—Onehundred and two counties heard from give Greeley a majority of 29,803. Thirteen counties yet to hear from will probably swell these figures a few hundreds.

The State 20,000 for Greglev -- One Republican Congressman Probably GALVESTON, November 8 .- Returns are

too meagre to give with certainty the re-sult, though the State is conceded to Greeley by twenty thousand majority. The entire Congressional delegation is Greeley by twenty thousand majority. The entire Congressional delegation is generally conceded, Giddings being the only one in doubt. The Democrats claim. two thirds in the House and a majority in the Senate.

Attension, VA., November 9—In nine-ty counties, and cities heard from, most of them officially, Grant has overbome Walker's majority of 1889, and he now leads Greeley 10,025 votes. The remain-ing eleven counties gave Walker 404 ma-jority. It is now almost certain that Grant will serve the base of the servers. Frant will carry the State by about 8 000 The official returns received to day from some of the counties in the Fifth district materially change the aspect of the result in reference to the election of Thomas, Re-publican, for Congress in that district, and publican, for congress in that detrict, and it is almost certainly ascertained that his opponent, Dayls, Democrat, will be elec-ted by two or three hundred majority. Further returns from the First district in-sure the election of Sener, Republican, for Congress over Braxton, by a small major-ity. The Congressional delegation will therefore stand five Democrats and four Republicans.
